

ANGKASA JURUTERA PERUNDING SDN BHD

Since 1978

Committed To Your Success

ANGKASA JURUTERA PERUNDING SDN BHD

Background

The formation of the firm began as a partnership in 1972 and as a body corporate in 1978 by 2 distinguished civil engineers with the vision of establishing an engineering consultancy practice committed to the success of building the nation of Malaysia. The founding directors are:

Ir Woo Hin Wai

Dato' Ir Haji Muhammad Yusof bin Hindon

Angkasa Jurutera Perunding Sdn Bhd (AJP) has since grown and expanded into multi-disciplinary consultancy services covering Civil, Structural, Mechanical and Electrical Engineering and related services.

International Collaboration

In the quest for excellence in engineering, AJP had worked and collaborated with international firms over the years of establishment and growth.

The firm have had a long working relationship with Gutteridge, Haskin & Davey (GHD) of Australia

ABOUT US

Mission

The firm seeks to provide engineering and technical solutions that are responsive to our client's need in a professional, innovative, quality service and cost-effective manner.

Excellence

The firm seeks to achieve excellence and has over the years completed numerous notable projects. The firm continues to strive to provide service with excellence.

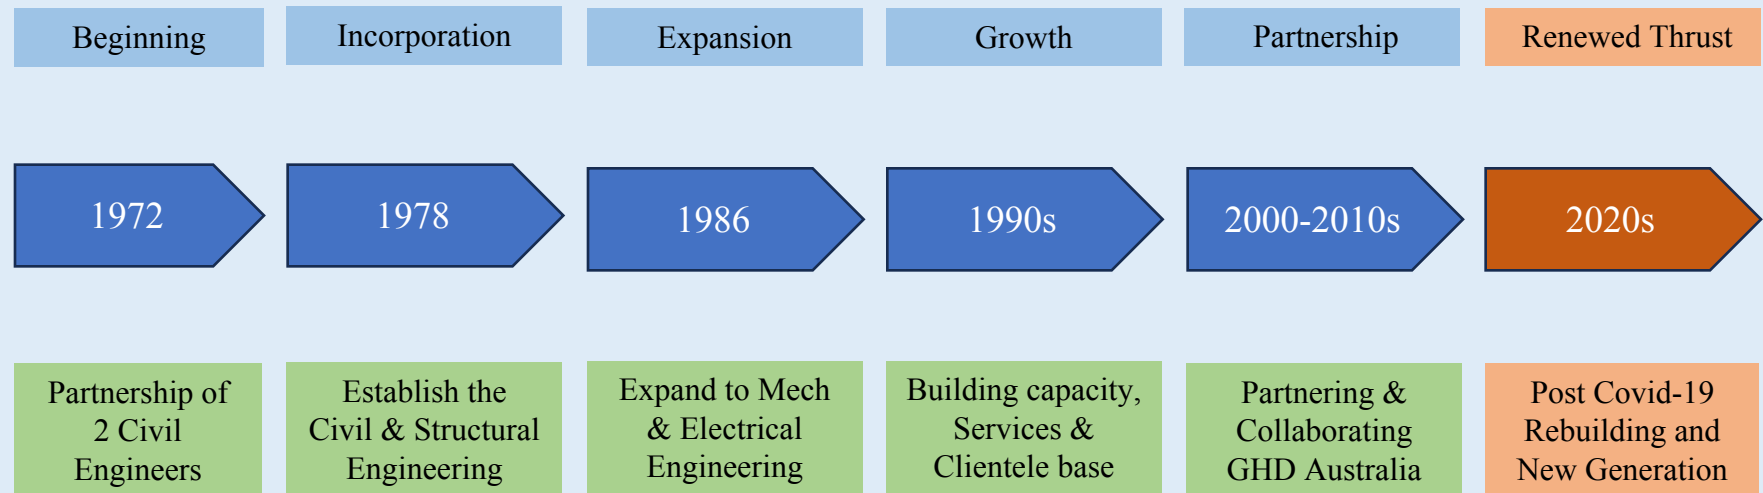

OUR JOURNEY

ANGKASA JURUTERA PERUNDING SDN BHD

The Growth of Angkasa Jurutera Perunding Sdn Bhd

The journey of Angkasa Jurutera Perunding Sdn Bhd as a Malaysian born engineering consultancy practice can be summarized in the following chart.

The journey spanning more than half a decade is filled with growth and advancement and yet accompanied with pains and challenges amidst the nation's development and global economic cycles. AJP strived to overcome and stayed resilient and on top.

ANGKASA JURUTERA PERUNDING SDN BHD

SCOPE OF SERVICES

Angkasa Jurutera Perunding Sdn. Bhd offers a comprehensive range of engineering consulting services to both the public and the private sector in civil, structural, mechanical and electrical engineering fields.

OUR SERVICES

Feasibility and Operation Studies

- Investigation and analysis of concepts, feasibility studies

Planning

- Strategic and development planning,

Design

- Preliminary, detailed design and documentation

Construction Management

- Quality control and smooth commissioning

Contract Administration

- Cost control, contractual and financial administration

Project Management

- Management of materials, cost manpower and schedule.

Integrated Management Services

- Comprehensive management solutions for project implementation

ANGKASA JURUTERA PERUNDING SDN BHD

SCOPE OF ENGINEERING

Angkasa Jurutera Perunding Sdn. Bhd provide services for the following scope of engineering to our clients in their projects.

Civil Engineering	▪ Earthworks ▪ Geotechnical analysis & design ▪ Roads and highways ▪ Storm management & drains ▪ Water supply reticulation ▪ Flood mitigation ▪ Sewerage reticulation ▪ Rain water harvesting
Structural Engineering	▪ Foundation design ▪ Reinforced concrete design ▪ Structural steel design ▪ Marine structures ▪ Structural assessment and repairs
Power/ Renewable Power	▪ Power generation system ▪ High Voltage transmission lines and substations ▪ Solar PV, Battery energy storage system ▪ Cogeneration plant ▪ Green Building design

SCOPE OF ENGINEERING

Mechanical Engineering	▪ Indoor air quality, HVAC, HEPA filters and laminar flow ▪ Clean room design ▪ Piped services, ▪ Cold and hot water plumbing. ▪ Sanitary plumbing system ▪ Rain water harvesting system ▪ Medical gas system ▪ Fire protection services ▪ Smoke spill & ventilation system ▪ Pneumatic tube system ▪ Lifts & escalators
Electrical Engineering	▪ Electrical substations and distribution system ▪ Low voltage distribution system ▪ Extra low voltage, telephony and local area network system ▪ Indoor & outdoor lighting ▪ Lightning protection system ▪ SCADA and BAS system ▪ Neon & LED signages ▪ Nurses call system

ANGKASA JURUTERA PERUNDING SDN BHD

INTEGRATED MANAGEMENT SERVICES

Angkasa Jurutera Perunding Sdn. Bhd provide comprehensive management services to clients in projects where extended and related services are critical

AJP partners with professionals of related and complementary fields to provided comprehensive services.

Project Management Services	▪ Project execution plan ▪ Provision of manpower and expertise ▪ Advisory on project requirement ▪ Advisory on initial setup and commencement of business ▪ Provide link between investors and local business community
Lead Project Consultant	▪ Lead overall coordination of team of consultants. ▪ Manage the project planning and implementation timeline ▪ Assist project owner (Foreign & local) on one-stop basis. ▪ Manage specialist consultant services and input

Preliminary Studies	▪ Suitability of sites and land matters. ▪ Initial investigation works ▪ Liaison with technical department and agencies ▪ Liaison with government investment agencies ▪ Providing input to EIA specialists ▪ Provide preliminary assessment and budget
Manufacturing Licence Application	▪ Liaison with relevant agencies and departments. ▪ Compile information of manufacturing requirement ▪ Provide market research and studies for industry. ▪ Assist in feasibility studies of particular industry ▪ Advise on current legislation, tax incentives and foreign investment ▪ Assist to develop business proposal and financial model.
DOSH Requirement Compliance	▪ Advise on DOSH requirement on manufacturing plant set-up. ▪ Assist and facilitate imported equipment requiring DOSH approval ▪ Advisory on boilers, pressure vessels and lifting equipment. ▪ Advisory on compliance and notification. ▪ Facilitate inspection and test.

ANGKASA JURUTERA PERUNDING SDN BHD

PROJECTS

Angkasa Jurutera Perunding Sdn. Bhd has provided services to wide range of projects for both the public and private sectors.

Overall the years, AJP have successfully worked on many special projects such as cable cars, suspension bridges, skywalks ,etc

Residential	- Housing estates - Terrace houses, semi-detached and bungalows - Apartments, condominium - IBS residential
Commercial	- Shop houses & shop offices - Shopping centers - Office blocks - Custom office
Industrial	- Industrial estate - Terrace, semi-detached and individual factories - Custom built factories - Pharmaceutical factory - Paper and Pulp mill. - Petrochemical plant, oil & gas facilities

RANGE OF PROJECTS

Institution	- Schools and colleges - Polytechnics & training centers - Universities
Hospitality	- Hotels - Resorts
Medical	- Medical centers - Hospitals
Sports	- Stadiums and sports complexes - Golf course and club houses
Infrastructure	- Highways & interchanges - Bridges - Water storage tanks, pumps and reticulation - Sewer treatment plant, pump station and reticulation - Port facilities - Electrical power distribution system - Electrical high voltage transmission line and cables - Power System Study (PSS)
Special	- Cable car system - Suspension bridges, skybridge, sky walk - Funicular train system - Solar PV system - Energy Storage System (Battery)
